**Sub: Seeking legal opinion of the Corporate Office
BESCOM by the EEs / AEEs of BESCOM.**

* * * * *

As per the provisions of Conditions of Supply of Electricity Assistant Executive Engineer (El) O & M Sub Division is the **Competent Authority** regarding sanction of power supply.

However of late a large number of cases seeking legal opinion with regard to connection / disconnection of power supply etc are being received by the Assistant Executive Engineer (El) O & M Sub Division.

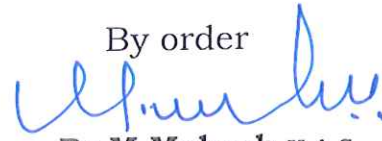

These proposals are being sent directly without proper channel and also without basic scrutiny at their end.

Hence it is felt necessary to issue following directions.

- 1) In case of any disputes, relevant documents are to be collected and both parties should be heard and a speaking order should be passed as per relevant provisions of Conditions of Supply of Electricity by the concerned Assistant Executive Engineer (El) O & M Sub Division.
- 2) If any guidance or clarification is required, the proposal should be sent to the Executive Engineer (El) and Superintending Engineer (El) of the concerned Division / Circle.
- 3) The concerned Superintending Engineer (El) O & M Circle should forward the file if necessary to GM (A & HR) along with their remarks / observations.

Any violation in this regard will be viewed seriously.
