Please find the attached copy of IEEMA letter no: SEC/REP/S/153 dated: 27.06.2020 which is self- explanatory and I would like to bring to your kind notice that a number of initiatives like startup India have been taken up by the Government of India with the aim to promote & encourage the manufacturing in India & aims at high quality standards.

As we are all aware that there is increasing cyber-attacks on the data & equipment's which are critical in nature and as power supply system is also on one of the critical information infrastructure which is to be safeguarded and protected from various vulnerabilities.

In line with the initiative of government of India on Atmanirbhar Bharat and make in India, I am directed to request you to prohibit sourcing of electrical equipment/ components/ raw materials from china especially intelligent electronic device & software's and urgently replace all the existing china products. If any parts/equipment's utilized in your products to be brought to the notice of BESCOM along with your action plan for change the same with alternate available with local manufacturers. Otherwise if anything found during inspection action will be initiated as per BESCOM norms.

Yours faithfully,
